Web Design

As Martial Artists, we understand that you need a site that is visually appealing, easy to navigate and that gets your message across. Martial Webs will work with you closely to produce a stunning site, designed around your clubs current logo / marketing products, and which accurately reflects your clubs ethos. We also understand that you need a website that is financially viable and sustainable. That's why our website design packages start at just £99.99, inclusive of 1 year domain registration and 1 year free hosting.

What's more, all of our sites are designed to allow you to update your content at any time, as often as you like, free of charge. We'll work on the coding and programming behind the scenes, so for you, it's as simple as using a word processor!

Whether you are looking for a small single paged site to host your own blog as a martial artist, or you're looking for a powerful, multi-page site, to host your photographs, news feed, social networking site, forums and much more, then we can help.

CMS

CMS stands for Content Management System. A CMS system allows you to update your website as many times as you like & often as you like. Martial Webs offer CMS via Wordpress, a fantastically powerful open source system which is easy to use and manage.

Martial Webs allows you to have multiple administrators for your site, which means that you can allocate responsibilities for updating your sites amongst Instructors / Students.

Bespoke Design

When you choose Martial Webs to design your site, we will work with you to produce a unique site, which can either reflect your current branding, or we can work with you to create a brand new Identity for your club.

Unlike other web design companies, we won't charge you for designing your site until you're happy with the design, giving you peace of mind that you will get the site that you want & need!

How Long Does it Take?

We understand that you're eager for your new site to be live & on the web for all to see as soon as possible. That's why we aim to turn around every site in 1 week from date of order.

The different stages involved in the web design process, along with time scales involved are outlined below:

1. Customer Submits completed Web Design Questionnaire to Martial Webs.
2. Web Designer allocated to Project (1-2 hours)
3. Martial Webs Produce Design Proposal for Customer comments (1-2 days)
4. Customer reviews design proposal and provides initial feedback and comments (1-2 days)
5. Martial Webs produce proposed final site design & upload to temporary web address for comments (1 day)
6. Final Review by customer & final "tweaks" by Martial Webs (1 day)
7. Customer Approves design & makes initial payment of 50% of total invoice. Martial Webs register the new domain & site goes live (4-8 hours)
8. Once site is approved, the outstanding balance is due for payment by the customer within 7 days.
